**Mission**

Christian organisations collaborating for a transformed, just, and equal world.

**goals**

1. Communicating the added value of faith-based actors
2. Supporting member-led advocacy initiatives
3. Exploring how Christian identity is reflected in members' programming and how the added value of this can be communicated to donors and other stakeholders.
4. Developing knowledge and capacity building
5. Re-framing our understanding and approach to work more inclusively with local actors, including faith actors, disabled peoples organisations, and other representative groups
6. Communicating the role and contribution of faith-based organisations and the need to engage with communities from a faith perspective towards the European Institutions and other civil society actors.

**cross-cutting themes**

- Impact of the climate crisis
- Disability inclusion
- Re-framing partnerships
- Role of faith actors

**programme portfolio**

- Deepening awareness amongst members of each other's advocacy initiatives; connecting members working on similar issues and linking members with advocacy opportunities at the EU level.
- Implementing an agile advocacy approach that will extend members' advocacy reach, joint approaches and impact the policy and practice of the European Union.
- Communicating the added value of faith-based actors
- Exploring how Christian identity is reflected in members programming and how the added value of this can be communicated to donors and other stakeholders.
- A platform to explore how Christian identity is reflected in members' programming and how the added value of this can be communicated to donors and other stakeholders.
- Knowledge sharing and capacity building that also connects members working on similar issues.
